School Start

We are off and running! I hope that students and parents are settling into the new routine. Our staff has hit the ground running and is adjusting to our new block schedule here at the Jr-Sr High School. We have had to do some tweaking to the schedule but things are now falling into place.

We are in the midst of Homecoming activities, so there is even more excitement going on. Congratulations to all the court members, and to queen Reagan Swanson and king Brandon Thomas.

FAST Bridges Testing

Again this year our K-12 students will be given three FAST Bridges online assessments throughout the year. The test periods will be during four weeks

in September, January and May. These are in addition to our mandated Iowa Assessments which will be administered in February to grades 3-11.

These tests will enable us to classify students into groups that may be deficient in certain areas. We then cater the instruction needed to those groups and monitor their progress throughout the year.

Chromebooks

We have expanded our student chromebooks to every classroom from 12th to 2nd grade. Each classroom has enough of the devices for each student, and those in grades 7-12 can take theirs home during the school year to work on assignments and complete research needed for school projects.

8-Man Football

At its August 14th meeting, the school board voted to change to 8-man football next year. This will not be official until the student count (October 2nd) is completed for the Certified Enrollment report. The number of students in grades 9-11 must be 115 or less, so we will know for sure in October.

This change will make the sport safer for our student athletes and provide a better opportunity to develop the younger players prior to varsity play.

3. Bus routes have been updated for the new school day starting and ending times.

Athletic Director's Report submitted by Blake Cruikshank:

Baseball

The Baseball team wrapped up a great regular season by winning 16 of their last 17 games. The baseball team lost in the 2nd round of district play to Madrid by a score of 6-1. They finished the season with an overall record of 20 and 7 and 13-3 in the POI which was good for 2nd place.

We had a few players honored with post-season awards and will be released once all teams in the POI have been eliminated from post-season.

We have two great coaches that I feel are going to take the program to the next level and I am not only amazed at how they handle in-game situations, but also how they treat our student-athletes.

The softball team wrapped up the regular season with a record of 11-16

We had some players honored with post-season awards and will be released once all teams in the POI have been eliminated from post-season.
